CONTRIBUTIONS TO ASCE

Your financial gift helps make the work of ASCE possible. A special thank you to the following friends who supported ASCE with their donations in 2018. We know that without the support from these donors we could not do all that we do to support the intellectual work of so many focused on Cuba's economy and society. The following is a list of donors who contributed in the calendar year 2018. Remembering the solitary star on Cuba's flag, we title your donation with a star.

Sincerest thanks to all of you.
